November, the month of Thanksgiving and turkey is also a month filled with activities for Albany and your Chamber of Commerce.

Monday, November 2, was the date for the dedication luncheon for the U. S. Department of Agriculture's Wool Processing Research Laboratory located in our own city of Albany. A most interesting tour of the facilities followed the luncheon and dedication ceremonies. This new laboratory, first of its kind on the West Coast, has commercial equipment that processes the raw wool into the finished worsted fabric. In this new facility, there will be research and study of the new chemical treatments that make possible the softer and machine washable wool fabrics for our sweaters, blankets and all the wool products we wear and use every day.

The fall conference of the California State Chamber of Commerce of the Central Coast Council will be held Thursday, November 5 in San Mateo. Your chamber manager plans to attend the committee sessions that deal with the problems facing Albany and the area as a whole.

The city of Albany will be well represented in the Alameda County Veterans Day Parade at Hayward (Albany in '60), November 11. The Albany Junior Chamber of Commerce and the Chamber of Commerce will co-sponsor a float, the North San Pablo Merchants will have their "Revenooers" float, Albany American Legion Post 292 will sponsor a float as well as being represented by their color guard.

The Albany High School Band and their majorettes will be entries in the parade as well as some of the city's officials riding in Thunderbirds. Better make it to Hayward next Friday (Continued on Page 2)

Christmas Seal Sale in Albany To Open Nov. 16

Mrs. Fred Hendrickson, 1350 Main Ave., will head Albany's participation in the 1959 Christmas Seal sale of the Alameda County Tuberculosis and Health Association.

The 1959 Christmas Seal sale opens here and throughout the nation on November 16. Red Schoendienst, Milwaukee Braves star second baseman who was stricken with TB a year ago, is national honorary chairman.

Only public appeal which the TB Association, an independent voluntary health agency, makes for support of its works, the seal sale provides funds for year round programs of TB case finding, research and public and professional education.

Fire Protection in Schools Studied

Fire protection in the schools will be the topic under investigation at a public hearing to be conducted by the Assembly Interim Committee on Public Health, Subcommittee on Fire Protection. The meeting will be held on November 4 in Room 123 of the State Department of Public Health, 2151 Berkeley Way, Berkeley.

Assemblyman Don Mulford, chairman of the subcommittee, expressed the urgent need for public awareness of the fire safety problems in California schools. "We have learned through tragic loss in several recent school fires that many California schools are potential fire traps," he said.

Veterans Day Set for City of Hayward, Nov. 11

Scores of crack drill teams, precision marching units, horseman groups, bands and baton-twirling majorettes are rehearsing routines, and civic and veteran groups are busy constructing colorful floats — in preparation for Alameda County's sixth annual Veterans' Day parade.

This year's four hour parade — the nation's largest Veterans Day observance — will be held in downtown Hayward on November 11, starting at 1:30 p.m.

Outstanding parade units from throughout Northern California will be competing for trophies and awards in the countywide observance, which is held in a different city each year. The event is conducted by the Alameda County Veterans Affairs Commission and sponsored by the Board of Supervisors and city governments of the county.

Prize winning military entries will include the Sixth Army band from San Francisco, 22nd Army band and marching units from the Oakland Army Terminal, the Moffett Field FASRON 10 drill team, the Flying Rifleman squad from Travis Air Force Base, Oakland Naval Air Station drill team and many others, according to Allen F. Strutz of Hayward, general chairman.

Top-ranking guest groups will include the Oakland Weldonian band, majorettes and flag twirlers, Can-dette girls from Mountain View, Royalette girls drill team of San Bruno, Hawks drum and bugle corps from Richmond, San Francisco 49ers drum corps and majorettes, Alameda County Sheriff's Mounted Posse and the Oakland Police motorcycle drill team.

Dazzling floats will be entered by the San Leandro Chamber of Commerce, City of Hayward, Albany Chamber of Commerce, City of Fremont, Hayward Chamber of Commerce, Alameda Naval and Marine Reserve Center, Alameda County Fair and dozens of veteran groups.

Each city in the county will be represented by a division in the parade, in competition for a sweepstakes award.

The parade route will be on Mission Blvd., Foothill Blvd. and Grove Way.

ALBANY CHAPTER NO. 530, Order of the Eastern Star will hold its "Farewell Night" and presentation of the jewels on Friday, November 6 at the Albany Masonic Temple, 533 San Pablo Avenue, starting at 8 p.m.

ROBERT G. DENNIS, Principal of the Albany Adult Education Center, pictured above, is this week attending the annual national convention of the Adult Education Association of the U.S.A. in Buffalo, New York. Dennis, who is attending the convention without expense to his local school district, is one of seven delegates chosen to represent the State of California at this convention, scheduled from November 3 through November 8. The other six delegates included are from San Francisco and Chico State Colleges, Long Beach City College, Santa Barbara Adult Education, and University of California Extension.

Albany Plans Five Entries in Nov. 11 Parade

C. Edward Johnson, Veterans' Day Committee chairman of the Albany Legion Post No. 292, has just announced the city's participation in the big parade in Hayward on Nov. 11, with only minor details still to be taken care of.

In cooperation with the Albany Chamber of Commerce the City will be represented by the following: The famous Albany Post Color Guard, Albany High School band, Legion Post's float, Junior Chamber of Commerce float, and the North San Pablo Ave. Merchants' famous "Revenooers" float. Walter L. Holland will be marshal for the Albany division. The City's officials will be provided with Thunderbird automobiles for the parade.

The unusually large participation in the Veterans Day Parade at Hayward has been stimulated by the fact that in 1960 Albany will be the host city.

Rev. Dan Apra To Talk Before Albany Rotary

Rev. Dan Apra, of the Arlington Community Church, will be the speaker at next Tuesday's luncheon meeting of the Albany Rotary Club. His subject will be, "Can You Prove You Are Alive?" Hal Denham of Campbell Ford agency will be the chairman of the day. President Roy Harford will preside.

Rev. Apra was born in Piedmont, and spent the early part of his life in San Diego. He graduated from high school in Kansas City, and received his BA degree from Ottawa College, and his Bachelor of Divinity from Colgate, Rochester, N.Y. Divinity School.

He has served pastorates in a Baptist church in Illinois, then to the Lemon Grove Congregational Church from 1948 to 1957. He came to the Arlington church in 1957. He is president of the Kiwanis Club, and of the Y-men's club. The luncheon as usual will be held at Spenger's restaurant on 4th Street, north of University in Berkeley.

ALBANY TO PROTEST ELEVATED TRAINS

Members of the Albany City Council appeared somewhat dismayed Monday night when they learned the Transit District plans call for elevated trains running across the city from south to north, mainly by way of Masonic Avenue.

The matter was brought up by Councilwoman Zahn who showed a map purporting to show the routes to be followed by the 70-mile-an-hour trains which the engineers propose as a solution to the East Bay traffic problem.

Mrs. Zahn and Councilman Lewis M. Howell urged that the city council be given an immediate report on the existing plans, and it was unanimously voted that City Engineer John D. Dayton be asked to make a full report at next Monday's council meeting. Dayton has been attending transit conferences in an advisory capacity as the city's representative.

Mayor Blank arrived a few minutes after the meeting had been called to order by Vice-Mayor Keck, and said he had just been attending the formal ceremonies that afternoon dedicating the new Wool Processing Laboratory at the "Village." He said establishment of the laboratory, the only one in the United States, was a great addition to Albany as it would bring leaders in the field of wool producing, marketing and processing to Albany as the center of that great industry.

Mayor Blank also announced that he was calling a "staff meeting" once a month, to be attended by all heads of departments, for the purpose of bringing them closer together and furthering co-operation between them in the city activities. He said that later, when the city had obtained a new administrative assistant and auditor, he thought weekly meetings of this caliber would be in order.

Albany Crusade Drive Reaches 75% of Goal

Sid Wallace, general chairman of the Albany-Berkeley United Crusade drive, reported at the close of last week's activities that the area had passed the 75 per cent mark, with \$249,956 raised.

Bert Griffin, Albany general chairman, reported \$9,292, or 75 per cent of the \$12,393 goal.

Special tribute was paid last week at the countywide report luncheon to the Albany ladies handling the residential drive under Mrs. Clarence Quick, with 80 per cent of their goal achieved.

Other Albany divisions reported as follows: Commerce and Industry, Lewis M. Howell, chairman, 81.6 per cent; Education, George Chessum, chairman, 70.8 per cent; Public Employees, Gerald D. Browne, chairman, 61.6 per cent, and Business, John Pleich Jr., chairman, 59.4 per cent.

Both Berkeley and Kensington residential drives under the leadership of Mrs. D. A. Brunetti and Mrs. Carl L. Nordly, respectively, have passed the half way mark toward their goals. Berkeley stands at 65.5 per cent and Kensington at 63.5 per cent.

Where and When Drivers Have the Right of Way

Drivers of motor vehicles are faced continuously with at least one problem that requires maximum alertness. Approaching or entering intersections, reports the National Automobile Club, is the time for the greatest caution for all drivers. Few other times on the highway offer as much risk of immediate accident as do false and unwise moves at intersections.

The car yielding the right-of-way to a vehicle which has entered an intersection will be the car with the best chances of staying accident free. Also, when two cars reach an intersection at the same time, the vehicle on the right should receive the right-of-way.

An uncontrolled intersection without traffic signals or stop signs requires the utmost alertness from all drivers. The California Vehicle Code is specific about what must be done on attempting a left turn at an intersection. A driver who begins a left turn must wait for any vehicle which has approached or which is approaching the intersection from the opposite direction and which is close enough to constitute a hazard at any time during the turning movement.

A driver who approaches a yield-right-of-way sign at the entrance to a highway may not cross the highway or intersection at a speed greater than 15 miles per hour. Also, such a driver must slow down and stop if necessary and must yield the right-of-way to any other vehicles which have entered the intersection.

When no sign has been posted, a driver who wishes to enter a through highway must stop and yield the right-of-way to all passing traffic.

Heart Association Needs More Help

The Alameda County Heart Asso., is seeking women and men who wish to assist in preparation of materials and supplies which will be distributed throughout Alameda County during the month of February.

"This is one job where age is no factor," said Benjamin Lieberman, M.D., president of the Heart Association. "Persons from eight to eighty visit the Association's offices to work on this all important part of research, community service and education about Heart Disease. There are millions of brochures to be stamped, packed, counted, sorted and otherwise prepared for Heart Month. They must be ready at this time so as to avoid complications with the holiday season. No special training is required . . . just a willing heart, two hands, and the ability to get to the office in Oakland."

For further information about this special need of the Alameda County Heart Association, call HI 4-3568 or drop in to 121 East 11th Street, Oakland, during regular working hours any day from Monday through Friday.

Drive with extra care when approaching school crossings.

The Albany Preschool Mothers Club Honors Mrs. Curran for Long Service

The Albany Preschool Mothers' Club had a double celebration at the semi-annual dinner for new mothers, which was held on October 28 at Marin School. After an excellent dinner in beautifully decorated surroundings, a surprise celebration was held for Mrs. Nell Curran's 20th anniversary as Director of the Preschool.

The Preschool Mothers tried to show their appreciation to Mrs. Curran for her many years of loving guidance to Albany children by staging a "This Is Your

Preschool Life" program for her. Mrs. Curran's sister and brother and several past presidents of the Preschool helped to make the program possible. At the close of the program, Mrs. Curran was left "speechless" when presented with the gift of a trip to Hawaii.

The new mothers, who were guests at the dinner were Mesdames M. C. Agrawal, N. Bradley Allen, Glen Bailey, Ian Ball, Hollis Biedsoe, Albert Fahmie, George Fahmie, Robert Flavin, Charles Gregory, Charles Haller, Roy Hickman, Howard Joki, Edward Laich, Bruce McGaw, John McLeod, Brent MacInnis, Robert Olson, Gordon Orians, James Palmer, William Phillips, William Potts, Walter Rose, David Seely, Wendell Smith, Charles Spotts, John Stadelhofer, John Stoll and Lars Thorsnes.

Senior Citizens Bazaar Proves Great Success

The bazaar sponsored by the Senior Citizens of Albany of 850 Masonic Avenue on October 23 and 24 was a great success in every way.

Next fund raising event on the agenda will be the rummage sale to be held in February so please collect your "throw aways" and call LA 5-5627. Believing in the old adage that "all work and no play" makes Jack a dull boy, the

seniors held a "hard times" party on Tuesday evening, October 27, at the Center. Most of the members arrived garbed "in hard times regalia and engaged in different friendly contests after which pumpkin pie and coffee were served. The usual cake was also served to the birthday honorees.

Henry Ingraham and Raymond Gill are now convalescing at their homes and all wish for their speedy recovery.

For any information about the club or its activities call LA 5-6335.

Cancer Society to Make Study of Cancer Cause

Local families agreeing to participate in the American Cancer Society's huge Epidemiology study may very likely be contributing toward the prevention of certain forms of cancer, it was declared today by Mrs. Kent Pursel, Alameda County Study Chairman.

She said the purpose of the comprehensive survey of the relationship of human living habits to cancer is to shed new light on the environmental, hereditary, occupational, or dietary causes of the disease.

A questionnaire for men will be given special attention to occupational hazards in addition to making general information on age, race, marital status, family health history, etc. Specialized questions also will be asked of the women, she said.

With recruitment almost complete, volunteers expect to begin submitting their questionnaires to residents this week, according to Mrs. Pursel. More than 700 volunteers will participate in the study and \$100 families will be interviewed. In each family there must be at least one person older than 45. A million of 30 or over will be included in the national study.

Part of the value of the study will come from its tremendous sample, Mrs. Pursel pointed out. With a simple questionnaire, for example, it would not be possible to obtain meaningful data on the consumption of various types of food. But with so many people involved, it should be comparatively easy to classify several thousand into each of the sever-

The troop is planning an overnight campout to Marin County on November 7 and 8. Troop 19 is sponsored by the Northbrae Community Church.

At extreme dietary groups so that possible associations with cancer can be exposed. The same thing applies to a number of other factors under investigation in this study," she pointed out.

Carnival Time At Thousand Oaks School, November 7

Carnival time comes again to Thousand Oaks School with the fun scheduled for Saturday, November 7, from 11 a.m. to 4 p.m. Herman Wallace, Dads Club president, Mrs. Win Branstead, PTA carnival chairman, and her committee: Mesdames Manvil Hendrickson, Bruce Baker, and Morgan Jones, have planned several new games and booths.

One booth will feature all kinds of doll clothes; and a gypsy fortune teller will look into the future. Magician Paul Burleson will provide enchanting entertainment for the children. The popular bakery booth of homemade goodies will again be featured.

A new outdoor game will feature a large tank of water into which some long-suffering mother will drop if a child trips the proper lever. Indoors the Dads Club will have the popular fun house, shooting gallery, and even gas-filled balloons.

There will be a coffee room where parents may get a brief respite from their exuberant children, as well as hot dogs and hamburgers for all in the cafeteria.

HERE IS A PICTURE OF CHILDREN'S HALLOWEEN PARADE as it passed the Ensenada-Solano intersection last Friday afternoon. The children were in all sorts of weird costumes celebrating Halloween and perhaps thinking that it is only 49 days until Christmas. Final plans have now been completed, announced Del Reynolds, Madeleine Dad's Club president, for the Smorgasbord Dinner the Dad's Club will serve in conjunction with the "Open House." This dinner is an annual affair that seems to grow bigger and better each year. The cafeteria of the school will be open at 3 p.m. for the serving of this excellent Smorgasbord dinner. Chairman for the dinner is Bud Wurdack, assisted by Kirk Whitehead, Larry Hagerly and Joe McWalters.

New desks for some of the classrooms will be purchased from the proceeds of the Bazaar.

Protection Of Children, Topic At Cornell PTA

At the Cornell PTA meeting, November 5 at 1:30 p.m. in the Cornell School auditorium, 919 Cornell Street, Albany, Dr. Hilda Burton, Psychologist at East Bay Children's Hospital; Albany Police Chief Ralph Jensen and Juvenile Officer R. Terrill will show the films "Strangers" and "The Dangerous Stranger" that are shown to the school children as a means of education for juvenile protection and safety. This is your opportunity to view these films, express your opinions, discuss the whys and wherefores of this program and submit questions for your own clarification. In the past it has been the policy to show the film "The Dangerous Stranger" to the Albany school children sometime during the year. The film "Strangers" was added to the agenda to round out this program. The Albany Police Department, with

the cooperation of the PTA's has put many hours of this work for the purpose of eliminating the incidents of molestation. A job of this portion can only be through with the knowledge and support of the public. Parents of pre-school children are urged to attend. Child care will be available for children 2 years and over. Social-hour will be held in the school cafeteria after the program.

Naval Reserve Tests Deadline Set for Nov. 14

High school seniors and graduates have only until November 14 to make application for the national competitive examinations for the Regular Naval Reserve Officers Training Corps, Chief Golden of the U.S. Navy Recruiting Station, 2161 Shattuck Avenue, announced today.

Application forms for the December 12 examination can be obtained from the local high schools and the local Navy Recruiting Station.

Designed to supplement the officer output of the Naval Academy, the NROTC program makes it possible for a young man to earn a regular commission while studying at the civilian college or university of his choice which has an NROTC unit.

Northern California boasts NROTC units at Stanford and the University of California, while Utah has a unit at the University of Utah.

All tuition, fees and books are furnished by the Navy, and the

student receives an annual retainer of \$600 for four years. During the summers the student goes on fascinating training cruises to many parts of the world.

After completing the usual four year college course, the NROTC midshipman is commissioned an officer in the Navy or Marine Corps and goes on active duty as a prospective career officer with the Navy's far-flung fleets.

High school seniors and graduates between the ages of 17 and 21 may apply for the NROTC aptitude test. Those who make a qualifying score will be given a rigid physical exam early in 1960.

Further information about the NROTC program can be obtained by contacting your school counselor or Chief Golden at the local Navy Recruiting office.

Jobs Now Open

The San Francisco Naval Shipyard Board of U. S. Civil Service Examiners is accepting applications for the position of Engine man, rate of pay \$2.69 per hour, until further notice.

Feeding the New Baby

Every mother is bound to have many questions regarding her baby's development and behavior. Eating and sleeping are the most important factors in a tiny baby's life, and as a general rule, if the baby is happy and contented with his food, he will sleep properly.

Photo courtesy of Karo Syrup

"How" and "what" the baby will eat is a decision your doctor will make. If a formula is chosen, it will most likely be a mixture of milk, water and a form of carbohydrate. Karo Syrup has been a preferred carbohydrate used successfully for years in infant formulas. Red label Karo (light corn syrup) and Blue label Karo (dark corn syrup), both used in infant feeding, are recommended by doctors for several reasons. It is practically 100% carbohydrate, and because of its composition, is very easily digested. Karo syrup does not accustom the baby to an excessively sweet taste and is easily measured and mixed with the other formula ingredients. You'll find it readily available in grocery stores... so easy to pick up while doing your other shopping, and so inexpensive, too.
